_

I am confident that my diverse skill set, entrepreneurial spirit, and unwavering commitment to excellence make me a valuable asset to any team or organization. I take deadlines and responsibility very seriously, and more have very high standards for my own work.

INTERESTS

I'm currently interested in servers such as AWS and Azure and concepts of Caching eg. Cloudfront.

I'm also very interested these days in Concepts of Computer Science, such as Cap Theorem, Halting Problem etc

I would love to work for you company, and would love to hear back from you.. I can start ASAP.
